

CURRICULUM VITAE

Thomas R. Allen
Professor of Geography

Department of Political Science & Geography
Old Dominion University
Norfolk, Virginia 23529 USA
Tel.: 757-683-6059; E-mail: tallen@odu.edu

Areas of Specialization

Geographic Information Science and technology, emphasizing coastal and marine applications of GIS, spatial analysis, remote sensing, and geovisualization; coastal environmental hazards and sustainable environmental management; climate change impacts on coastal environments and human health.

Academic Positions

- 2016 – Present Professor of Geography, Department of Political Science & Geography
Program Head for Sea Level and Climate Science,
Institute for Coastal Adaptation and Research (ICAR)
Fellow, Commonwealth Center for Recurrent Flooding Resiliency (CCRFR),
Old Dominion University, Norfolk, Virginia
- 2015 –2016 Professor of Geography, Department of Geography, Planning & Environment,
East Carolina University, Greenville, North Carolina
Director, Coastal and Marine Studies Interdisciplinary Minor (2010-2016)
Director, Center for GIScience (2013-2016)
PI and Director, NC Coastal Atlas Partnership (2012-2016)
- 2006-2015 Associate Professor, Department of Geography, East Carolina University, Greenville, NC
- 2006- 2012 Associate Professor of Geography and Director, RENCI at ECU Regional Engagement
Center, East Carolina University (2009-2013)
- 2001-2006 Associate Professor of Geography, Old Dominion University, Norfolk, Virginia
Director of Geography Program and Director, Laboratory for Remote Sensing and
Environmental Analysis, College of Arts & Letters
- 1996-2001 Assistant Professor, Department of Political Science & Geography, Old Dominion
University
- 1995-1996 Assistant Professor (tenure-track), Department of Geography, University of Vermont
- 1991-1995 Graduate Research Associate and Teaching Fellow, Spatial Analysis Lab, Department of
Geography, University of North Carolina at Chapel Hill

Education

Ph.D. 1995 Department of Geography, University of North Carolina at Chapel Hill
Dissertation: *Relationships between Spatial Pattern and Environment at the Alpine
Treeline Ecotone, Glacier National Park, Montana*
Advisor: Dr. Stephen J. Walsh

- B.S. 1991 Old Dominion University, Norfolk, Virginia (*magna cum laude*)
Major: Geography; Minor: Geology
Academic Honors Program 1987-1991
- 1989 University of the South Pacific, Fiji Islands (student exchange), Geography and Pacific Geoscience Program, School of Social and Economic Development

Honors and Support

- 2023 *Charles and Elizabeth Burgess Award for Faculty Research and Creativity* (College of Arts and Letters, Old Dominion University)
- 2018 *Special Achievement in GIS* (ESRI award to Old Dominion University)
- 2016 *ECU Five-Year Research and Creative Activity Award* (nominated)
- 2015 *Faculty Member of the Year*, ECU Center for Sustainability
- 2015 *Servire Society* (ECU Volunteer Service Society), inducted Spring 2015
- 2014 *Best Map*, Dasymetric Techniques Improve Mapping of Vulnerable Coastal Populations, NC ArcGIS User Group (NCAUG) Annual Meeting, Advisor to Calvin Harmin (M.S.)
- 2013 *First place*, "Potential Sea-Level Rise in North Carolina," Florida GIS Conference
- 2011 *Best Digital Map*, "Potential Sea-Level Rise in the Albemarle-Pamlico Estuarine System," ESRI International User Conference
- 2010 *Centennial Award for Outstanding Service*, East Carolina University
- 2003 *Fulbright Scholar*, US Department of State to Finland, University of Turku, Fall 2003
- 2003 *The Virginia Scholar Award*, Virginia Social Science Association
- 2002 U.S. delegate to Arctic Council Workshop, Northern Timberline Forests, Rovaniemi, Finland, travel support from National Research Council.
- 2001 University Instructional Technology Teaching Award, Old Dominion University.
- 2000 Awarded *Best in Session* and Second Place in conference for poster at the Sixth International Conference on Remote Sensing for Marine and Coastal Environments
- 1999 Certificate of Excellence in Instructional Technology, College of Arts & Letters, Old Dominion University
- 1996 ESRI Award for Best Scientific Paper on Geographic Information Systems, American Society for Photogrammetry and Remote Sensing (ASPRS)
- 1994 The Ta Liang Memorial Award, American Society for Photogrammetry and Remote Sensing (ASPRS), doctoral research grant.
- 1994 Spring and Summer co-instructor, "Spatial Data Representation, Analysis, and Display," University of North Carolina at Chapel Hill
- 1992 Honorable Mention, National Defense Science and Engineering Fellowship
- 1991-1995 Research Assistant, Spatial Analysis Labs, University of North Carolina at Chapel Hill
- 1991 Outstanding Geography Graduate, Old Dominion University
- 1990-1991 Research Consultant, Arts and Letters Research Office, Old Dominion University
- 1990-1991 Phi Kappa Phi Honor Society, Student Representative and Outstanding Member
- 1990-1991 The Dabney-Tunstall Scholarship in Arts and Letters, Old Dominion University
- 1987-1991 Academic Honors Program, Old Dominion University

Courses Taught

Old Dominion University

- GEOG 101 Environmental Geography
- GEOG 102T Digital Earth: Geospatial Technology and Society
- GEOG 300 Maps and Geographic Information
- GEOG 306T Hazards: Natural and Technologic
- GEOG 350 United States and Canada
- GEOG 402/502 Introduction to GIS
- GEOG 404/504 Digital Techniques for Remote Sensing
- GEOG 408/508 Cartography

GEOG 419/519	Spatial Analysis of Coastal Environments
GEOG 420/520	Marine Geography: GIS for a Blue Planet
GEOG 422W/522	Coastal Geography
GEOG 432/532	Advanced GIS
GEOG 490	Applied GIS
GEOG 495/595	Geospatial Field Techniques
GEOG 600	Geospatial Data Analysis
UNIV 100	New Portals to Appreciating the Global Environment (NewPAGE)

East Carolina University

GEOG 1250	The Water Planet
GEOG 1300	Weather and Climate
GEOG 2250	Earth Surface Systems
GEOG 2410	Fundamentals of GIS
GEOG 3250	Environmental Hazards
GEOG 4410/6410	Advanced Cartography
GEOG 4430/6430	Advanced GIS
GEOG 4440/6440	Coastal Applications of GIS
SUTO 6100	Environmental Systems and Sustainability
COAS 2025	Survey of Coastal and Marine Resources
COAS 4025	Society and the Sea Seminar
GEOG 5583	Selected Topics: Tropical Geography Field Course (Costa Rica)

University of Vermont

GEOG 112	World Natural Environments
GEOG 444/544	Introduction to Geospatial Technology
GEOG 400/500	Biogeography and Landscape Ecology

Publications

Grants Received

Principal Investigator. Pixels for Public Health: A Digital Twin and Analytical Collaborative Framework to Enhance Coastal Resiliency in Hampton Roads, Virginia. NASA Earth Science, Advanced Information Systems Technology (AIST) Program- AIST-22, \$1.2M, August 1, 2022 – July 31, 2024. (optional third year pending.)

Co-Principal Investigator (with Anamaria Bukvic, Va Tech, and Patrick Biber, U. Southern Mississippi), DISES: Socioecological Mobility in the Coastal Zone. NSF. \$600k, Sep 2023-Aug 2026. (recommended for funding June 2023, award pending.)

Co-Principal Investigator (with Navid Tahvildari and 4 others, ODU). Coastal Transportation Resilience by Integrated Modeling and Risk Assessment. NOAA Effects of Sea Level Rise (ESLR) Program. \$1.9M, September 2022 – August 2025.

Co-Investigator (with Joe Tamborski ODU OES and Woods Hole Oceanographic Institute.) Collaborative Research: Deciphering Drivers and Variability in Salt Marsh Lateral Carbon Export. NSF Chemical Oceanography Program, award# 2242114, \$499,255.00 to ODU (1\$M total), August 1, 2023 – July 31, 2026.

Co-Principal Investigator (with Wie Yusuf and J. Whytlaw). From Learning to Willing to Doing: A Collaborative Approach to Implementing the Virginia Marine Debris Reduction Plan. NOAA. (\$200,000) October 1, 2023 – September 30, 2025.

Co-Principal Investigator (with Rip Hale, PI, and Elizabeth Wallace, OES). Lake Bradford and Great Neck Lake Water Depth and Sediment Survey. City of Virginia Beach. \$59,561. April 6 – December 31, 2023.

Co-Principal Investigator (with Jerry Cronin, Jennifer Whytlaw, Dan Richards and George McLeod). Wind Energy Siting Solutions for the Commonwealth of Virginia. \$775,000. Department of Defense and Virginia Department of Energy, August 2020 – March 2023.

Co-Principal Investigator (with Navid Tahvildari, PI, and 5 others ODU). Quantifying Integrated Engineering and Ecological Benefits of Nature-Based Shoreline Stabilization Features to Inform Coastal Resilience in Rural Virginia. Virginia Sea Grant Consortium, Collaborative Industry-Academic Research for Rural Coastal Resilience and Adaptation. \$250,000 (October 2022 – July 2023.)

Co-Principal Investigator. (with Yusuf, J., J. Behr, N. Hutton, M. Saitgalina, J. Whytlaw, and K. Anuar). National Conference on Coastal Community Resilience and Social Equity. Sub-contract project to University of North Carolina Coastal Resilience Center for Excellence, funded by the Department of Homeland Security. \$190,000. 7/1/2022-6/30/2023.

Principal Investigator. Shoreline Change Analysis for Habitat, Recreation, and Infrastructure Resilience at Cape Hatteras National Seashore. Subaward from East Carolina University and the Piedmont-South Atlantic Cooperative Ecosystems Studies Unit from US National Park Service (task agreement P19AC01091), \$63,570 (total), \$12,000 (subaward to ODU), September 9, 2019 – September 8, 2020.

Co-Principal Investigator. (with Derek Loftis, VIMS). Development of High-Resolution Flood Depth Grids for Guidance in Building-Level Damage Assessments in Newport News, VA for IFLOWS. \$105,000. Virginia Department of Emergency Management and FEMA Hazard Mitigation Grant Program (\$33,013 subaward July 2019 – April 2020.)

Principal Investigator. Marsh Habitat Classification Synthesis of Peninsular Florida for Habitat Conservation. Wildlife Management Institute (WMI). \$65,950 (March 2018 – August 2019.)

Principal Investigator (with G. McLeod, Co-PI). NASA Coastal Hazards Mid-Atlantic Demonstration Study. NNL16AA05C, \$30,000 (August 2017 – April 2018.)

Principal Investigator (with G. McLeod, Co-PI). Marsh Habitat Classification Synthesis for Southern Coastal Georgia and Northern Florida. US Fish and Wildlife Service, South Atlantic Landscape Conservation Cooperative, \$38,000 (August 2017 - December 2018.)

Co-Principal Investigator (with J. Behr, PI, and G. McLeod, Co-PI). Assessing Current and Future Risk Posed to Structural Assets at Norfolk International Terminal South Stemming from Sea Level Rise and Severe Storm Inundation. Port of Virginia. \$68,000 (May - July 2017.)

Principal Investigator (with G. McLeod and T. Alberts, Co-PIs). Unmanned Aerial Vehicles (UAVs) for Coastal Resources and Hazards. Virginia Space Grant Consortium, \$8,985 (May – August 2017.)

Principal Investigator (with B. Montz, G. Kearney, T. Crawford, L. Fly, and J. Whitehead.) A Community-wide Public Health Risk Assessment of Vulnerable Water Infrastructure in Coastal Cities. NOAA Climate Program Office, ECU subaward in collaboration with SC Sea Grant and NC Sea Grant. \$281,000 (Sept. 2015-August 2017.)

Co-Principal Investigator (with Burrell Montz.) Rip Current Maps, Graphics, and Risk Communications, subaward from ESC Consultants, funded by NOAA National Weather Service. \$35,000.

Co-Principal Investigator (with Randall Etheridge, ECU, and Huili Hao, UNCW.) Participatory Mapping of Surface Water Hydrology as an Initial Step in the Restoration of Lake Mattamuskeet. USDA Fish and Wildlife Service Cooperative Agreement No. F16AC01262, FWS Cooperative Ecosystem Studies Unit, \$10,000 (Oct. 1, 2016 – December 31, 2017.)

Principal Investigator. Coastal Atlas Asset Inventory Mapping for the NC Land of Water. NC Land of Water and Z. Smith Reynolds Foundation, \$30,000 (April 1, 2015 – June 30, 2016.)

Principal Investigator and Mentor (Michael J. Flynn). NC Sea Grant Coastal Policy Fellowship, January 2016, \$5,000.

Principal Investigator. NC Coastal Atlas Year 4. NC Division of Coastal Management. \$45,000. (July 1, 2015 - December 31, 2016.)

Principal Investigator. Allen, T. and M. Flynn (Recipient). A Multi-Hazard Vulnerability Assessment of Coastal Development along Cape Hatteras National Seashore. NC Coastal Policy Fellowship, NC Sea Grant. 2016 (\$5,000.)

Principal Investigator. Synthesis of High and Low Marsh Habitat Mapping, Vulnerability and Responses to Sea-Level Rise in the South Atlantic Region. (with JP Walsh, ECU; Jim Morris, USC; Clark Alexander, Skidaway Inst.) South Atlantic Landscape Conservation Cooperative (SALCC), \$281,631 (February 2013-August 2016.)

Principal Investigator (with T. Crawford, B. Montz, and JP Walsh.) Identifying Cultural Resources Sites Affected by Sea Level Rise at Cape Hatteras National Seashore. US National Park Service: Piedmont-South Atlantic Cooperative Ecosystems Studies Unit. \$67,613 (September 2013 – September 2016.)

Principal Investigator (with Guiseppe Getto, ECU English and Technical Communications.) NC Coastal Atlas Year 5. \$76,101. NC Division of Coastal Management and NOAA Office of Coastal Management, (October 15, 2015 – December 31, 2016.)

Principal Investigator. NC Coastal Atlas Year 3. \$30,000. NC Division of Coastal Management and NOAA Office of Coastal Management, (January 1 – December 31, 2015).

Co-Principal Investigator (with Alex Manda). NC Coastal Groundwater Watch. NC Sea Grant. \$45,000. (September 2014-July 2015.)

Principal Investigator (with JP Walsh). Planning and Implementing a North Carolina Coastal Atlas. \$35,000. NC Division of Coastal Management, (July 2013 – June 2018.)

Co-PI, (with B. Montz). Climate Change Impacts on Water Infrastructure: Vulnerability to Sea-Level Rise and Coastal Storm Surges. \$19,148. Carolinas Integrated Sciences and Assessments (CISA), (January 1, 2013 – December 31, 2013.)

PI (with Donna Kain). Visualization and Communications Tools to Help North Carolina Communities Plan for Sea Level Rise. \$22,500. NC Sea Grant. (April 1, 2013 – April 30, 2014.)

Co-PI, (with JP Walsh). Prototype North Carolina Coastal Atlas. Governor's South Atlantic Alliance Grant. \$10,091 (January 1, 2013 – June 30, 2014.)

Principal Investigator. High and Low Marsh Mapping, Vulnerability, and Responses to Sea-Level Rise in Rachel Carson NC Estuarine Research Reserve. Graduate fellowship: Margaret Garner, CRM doctoral student, (\$5,000 Spring-fall 2013.)

Co-PI, Monsoon Vulnerability and Climate Change in Bangladesh. Asia-Pacific Research Foundation, seed grant with Crawford, T. (PI), A. Salahuddin, S. Curtis, and A. Mukherji, \$15,000 (seed grant, March 2012-February 2013.)

Principal Investigator and Director, Renci@ECU Regional Engagement Center: Attacking Coastal Hazards of North Carolina Renewal Proposal for 2009-2012. \$600,000 three-year renewal of the ECU Center for Coastal Systems Informatics and Modeling (2009-2012.)

Principal Investigator, Maps, Marshes, and Management Applications: Ecological Effects of Sea-Level Rise in North Carolina. NOAA Cooperative Institute for Climate and Satellites-North Carolina (CICS-NC) and NOAA Center for Sponsored Coastal Ocean Research, \$90,000 (October 27, 2011 – December 31, 2012.)

Co-Principal Investigator (with Alex Manda, PI) Assessment of Surface and Ground Water Hydrology and Vegetation at the Emily and Richardson Preyer Buckridge Coastal Reserve, NC. NOAA NC National Estuarine Research Reserve, NC Division of Coastal Management, \$71,400 (May 17, 2010 – Sept. 27, 2012.)

Principal Investigator (with Yong Wang, Co-PI), Investigating SAR Remote Sensing for Updating National Wetland Inventory in North Carolina. US Fish and Wildlife Service, Cooperative Ecosystems Studies Unit. \$20,000 (October 1, 2010 – August 31, 2012.)

Co-Principal Investigator (with Nathan Richards, PI) Battle of the Atlantic: Resources Identification and Assessment Survey, National Park Service, Battlefield Protection Program, \$160,000 (with NOAA match), (August 1, 2010 – January 31, 2012.)

Principal Investigator, Mapping Potential Sea-Level Rise in the Town of Plymouth, North Carolina: GIS and Collaborative Participation. NC Sea Grant. \$7,800 (2010-11.)

Co-Investigator, Towards Integration of Estuarine Observation: An Inter-institutional Cooperative Research and Outreach Proposal to the University of North Carolina Research Competitiveness Program, PIs Stephen J. Culver and Lynn Leonard, \$75,000 (\$5,000 to develop Eastern Carolina Coastal Imagery Clearinghouse, http://nccohaz.ecu.edu/ecu_imagery.htm)

Co-Investigator, North Carolina Coastal Hazards: Economic Implications of Severe Storms and Sea-Level Rise. UNC General Administration, \$288,694 November 15, 2007 to June 30, 2008 (Coastal Hazards Database project, with Crawford, Corbett, and Walsh).

Co-Investigator, Benefits and Costs of Offshore Wind Farms in North Carolina. \$39,000. with Todd Cherry (ASU), Craig Landry (ECU) and John Whitehead (ASU). Appalachian State University Energy Research Council, June 2008-June 2009.

Principal Investigator, VISSTA –Vegetation, Impervious Surfaces, Soils, and Topographic Analysis Tools: Using Geospatial Technology to Promote Coastal Water Quality. \$159,631. The Cooperative Institute for Coastal and Estuarine Environmental Technology (CICEET), Sept. 1, 2007-Aug. 31, 2010.

Co-Investigator (Visualization Lead), *Renaissance Computing Institute (Renci) at East Carolina*. Center for Coastal Systems Informatics and Modeling (C-SIM), \$1M, January 2007-June 2009.

Co-Principal Investigator, Environmental Public Health Tracking System in Virginia. \$80,000. Old Dominion University Research Foundation Seed Grant, January – June 2006.

Co-Principal Investigator. \$13,500. MicroMaps CO Sensor Georectification and Mapping. Virginia Space Grant Consortium, with Nidal Dahman, Civil Engineering Technology, ODU, June 2005 – June 2006.

Principal Investigator, *Virginia Access-Phase 3*. \$85,000. NASA Stennis Space Center, VAccess Virginia Remote Sensing Center of Excellence, subcontract with George Mason University, March 2005-October 2006.

Principal Investigator, *Virginia Access-Phase 2*. \$108,000. NASA Stennis Space Center, VAccess Virginia Remote Sensing Center of Excellence, subcontract with George Mason University, September 2003- September 2005.

Principal Investigator, *Fulbright Scholar- Finland*, research/lecturing at University of Turku, Finland, U.S. Department of State, Fulbright Scholar Program, Fall 2003.

Principal Investigator, *Virginia Access-Year 2*. \$125,000. NASA Stennis Space Center, VAccess Virginia Remote Sensing Center of Excellence, subcontract with George Mason University, September 2002- August 2003.

Travel Stipend. Presenter and U.S. representative at the Northern Timberline Forests Workshop, Arctic Council, Polar Research Board, National Research Council, \$1500, May 23-25, 2002.

Principal Investigator. *Remote Sensing Applications in Landscape Epidemiology: Mosquito Control and Disease Surveillance*. NASA Stennis Space Center, VAccess Virginia Remote Sensing Center of Excellence, subcontract with George Mason University, \$75,000 year 1 (AY 2001-2002).

Co-Principal Investigator. *Integrated Mosquito Management: Use of Wide Area Multi-Spectral Remote Sensing and Geographic Information Systems Technologies to Locate Mosquito Breeding Habitats*. North Carolina State University Extension Integrated Pest Management, \$12,614 first year, \$5,500 year 2 (2000-2001).

Principal Investigator. *Geospatial Research and Education: A Laboratory for Remote Sensing and Environmental Analysis (LaRSEA)*. NASA Office of Mission to Planet Earth, \$142,000 total, \$95,000 NASA, (1997-1998.)

Co-Principal Investigator, *Coupling Field, Remote Sensing, and Modeling Techniques to Examine Processes at the Deciduous-Coniferous Ecotone in Great Smoky Mountains National Park*. National Science Foundation Geography and Regional Science Division, 1998-1999, two years, total \$209,851 requested, (\$50,000 received for one year.)

Co-Principal Investigator, *Remotely Sensed Patterns of Surface Roughness in Coastal Waters Using Landsat TM Imagery and Reflected GPS Power*. NASA Langley Research Center, Principal Investigator G. Oertel, Department of Ocean, Earth, and Atmospheric Sciences, \$25,000 (one year, April 1, 1998 – December 31, 1998.)

Principal Investigator, *Drivers of Land Transformation on Virginia's Eastern Shore*. USGS Data Grant, \$800 for four Landsat MSS satellite images (August 1997.)

Travel Grant, *NASA Workshop on Remote Sensing Applications*, Utah State University, May 28-30, 1997, Virginia Space Grant Consortium, \$500.

Dynamics of Coastal Land Cover on Virginia's Eastern Shore. Arts and Letters Semester Research Grant, Old Dominion University, \$400 (Spring 1997.)

Principal Investigator. *Spatial Decision-Making and Geographic Information Systems (GIS) in Coastal Disaster Response*, Natural Hazards Research and Information Center, Boulder, Colorado, \$1,667 (1996-97.)

Principal Investigator, *Topographic Normalization of Multispectral Satellite Data for Improved Landscape Characterization*. University Committee on Research and Scholarship, University of Vermont, \$3,300 (1995-96).

University Internal Grants Received

Blue Line Project 2022. Themed Semester on Sustainability, course offering for GEOG 420/520 Marine Geography and public service project. <https://tinyurl.com/blueineodu> (\$1,000)

Location Intelligence for Food Equity (LIFE) in Hampton Roads. \$150,000. Hampton Roads Biomedical Research Consortium, AY 2021-22. Co-PI (with G. McLeod, N. Hutton, H. Richter, J. Comes, B. Martin, and C. Romero.)

Development and Demonstration of the ODU Hydroner for Autonomous Coastal Mapping Applications. \$15,000. Virginia Institute for Space Flight Autonomy (VISA), January – May 2021.

Evaluating Unmanned Aerial Vehicles (UAVs) for Monitoring Coastal Change and Mapping Recurrent Flooding. \$7,000. ODU Resiliency Collaborative, FY 2017 (with G. McLeod and T. Alberts.)

Preliminary assessment of the potential influence of artificial channels on salt water intrusion and ecosystem changes of the Buckridge Reserve, North Carolina. \$20,000. Interdisciplinary Research Collaboration Award. ECU Research and Graduate Studies, FY015 (with E. Reyes, A. Manda).

Impact of climate change and sea-level rise on groundwater inundation in coastal regions. \$20,000. Interdisciplinary Research Collaboration Award. ECU Research and Graduate Studies, FY015 (with A. Manda, D. Mallinson, S. Curtis, B. Montz, and E. Bean.)

Terrestrial laser scanning and GPS equipment infrastructure, \$50,000. UNC General Administration and ECU Research and Graduate Studies, 2010. Co-PI, Battle of the Atlantic: Developing a Joint Maritime Geospatial Research Proposal for the Monitor National Marine Sanctuary (National Park Service), Coastal Maritime Council (ECU CMC seed grant \$6,000.)

Co-Investigator, Seed grant proposal, Hazard Management Scenarios for Coastal Communities. Coastal Maritime Council, East Carolina University (with Paul Gares, Craig Landry, and Dan Marcucci; June 2007.)

Proposals Submitted (in review)

Co-Investigator (with Heather Richter, Khan Iftekahruddin, and Tancy Vandecar, ODU, and 5 others). Artificial Intelligence-Based Optimization for Climate Induced Flood Resilience in the Communities of Hampton Roads. \$1M, US Department of Energy, Center of Excellence, Joint Institute for Climate and Data Science, July 2023-June 2026.

Recently Declined Proposals

Co-Principal Investigator. Focused Hub: Strengthening Coasts and People (SCOPE): Multi-dimensional exploration of the capacity for resilience in coastal communities. NSF CoPE. \$4.8M. (submitted October 2021.)

Co-Principal Investigator. Focused CoPe: Coastal Change Hub for Hampton Roads (C2H2RO): A research integrator on the dynamics of rising water across the coastal divide. \$4.8M, NSF CoPE, (submitted October 2020.)

Principal Investigator (with R. Hale and G. McLeod, ODU, and R. Corbett and D. Lagomasino, ECU). Barrier Island Morphodynamics from Multisensor, Multiplatform Mapping and Modeling. Submitted to US Coastal Research Program, American Shore and Beach Preservation Association, 28 Feb 2020 (\$400k, 2yrs, Oct. 1, 2020 – Sep. 30, 2022.)

Professional Presentations

Professional Activities and Service

Scholarly and Professional Service

Reviewer, NATO Innovation Challenge 2023.

Leadership Team, Albemarle-Pamlico National Estuary Program (APNEP), 2017-present.

Chair, Coastal and Marine Specialty Group, Association of American Geographers, 2011-2016.

Board Member, Coastal and Marine Specialty Group, Association of American Geographers, 2006-2008.
Vice-Chair, 2009-2011.

Board Member, Center for Natural Hazards Research (CNHR), East Carolina University.

Chair, Albemarle-Pamlico National Estuary Program (APNEP) Policy Board, April 2012 – 2017.

Board Member, NC ArcUser Group, June 2014-2017.

Guest Editor, *Remote Sensing*, Special Issue on Earth Observations for Coastal Resilience, 2019-2020.

Guest Editor, *Remote Sensing*, Special Issue on Remote Sensing of Coastal Ecosystems, 2011 (eleven papers http://www.mdpi.com/journal/remotesensing/special_issues/coastal_ecosystem/)

Member (Higher Education Representative), Policy Board, Albemarle-Pamlico National Estuary Program, NC Department of Environment and Natural Resources and US EPA, December 2009-present.

Grant Proposal Panelist, Delaware Sea Grant Consortium, August 2015.

Fulbright Scholar Reviewer (Geography), Council for International Exchange of Scholars, 2010-present.

Advisory Board, National Weather Service Field Office, Morehead City/Newport, N.C., 2008-present.

Editorial Board Member- North America, *FENNIA* International Journal of Geography, Geographical Society of Finland (2008-Present.)

Invited Panelist, NOAA Storm Surge and Coastal Inundation Workshop, Bay St. Louis, Mississippi, March 15-16, 2011.

Invited Panelist and Speaker, Geography Graduate School Institute, Graduate School of Geography of Finland, Jyväskylä, Finland, August 20-22, 2006.

Judge, Virginia Geographic Bee, March 31, 2006, Old Dominion University, Norfolk, Va.

Director, Remote Sensing Specialty Group, Association of American Geographers, 2000-2004.

Board Member, Virginia Geographic Information Network, by appointment of the Governor, Commonwealth of Virginia, 1999-2001.

Honors Committee, Southeastern Division Association of American Geographers (SEDAAG), 2002-04.

Promotion and tenure external reviewer:

Virginia Tech, Old Dominion University, Bloomsburg University, Indiana University- Purdue University, Indianapolis, UNC Wilmington, Georgia State University, Florida State University, University of West Florida, University of South Carolina, Northern Illinois University

Guest Editor, *Remote Sensing*, Special issue for Earth Observation for Coastal Resilience, 2019-20.

Guest Editor, *Remote Sensing*, Special issue for Coastal Ecosystems, 2011.

Guest Editor, *Geocarto International*, Special Issue for the Remote Sensing Specialty Group, Association of American Geographers, 2001.

Meeting Program Chair, Remote Sensing Specialty Group, Association of American Geographers, 2000

Chair, Geography Section, Virginia Academy of Science, 1997-1999

Reviewer:

Climate Change

Grant Proposal Reviewer:

NASA Earth Science, Citizen Science
EPA
NOAA Sea Grant Consortia (DE, NC, SC, CT, DE, NY, TX, VA, WI)
NOAA Center for Sponsored Coastal Ocean Research (C-SCOR)
NOAA National Weather Service
NASA Earth Sciences
National Science Foundation (Geography and Regional Science, Geosciences, and Instrumentation, EPSCoR, Smart and Connected Communities)
Strategic Applications International Corporation (SAIC)
U.S. Civilian Research Development Foundation
Council for International Exchange of Scholars (Fulbright)

Research Affiliations

Program Head, Sea Level Rise and Climate Science, ODU Institute for Coastal Adaptation and Resilience (ICAR)

Senior Fellow, Commonwealth Center for Recurrent Flooding Resiliency (CCRFR)

South Atlantic Landscape Conservation Cooperative (SALCC) task forces: Coastal wetlands, environmental health, US Fish and Wildlife Service.

NOAA NC Sentinel Site Program for Sea Level Rise (2013-2016)

Research Associate, Long-Term Ecological Research (L-TER) Program, Virginia Coast Reserve

Communications Committee, Remote Sensing Specialty Group, Association of American Geographers (1996-1998).

Virginia Space Grant Consortium, Remote Sensing/GIS/Landscape Working Group, 1996-1998.

Regional Councilor (New England/St. Lawrence Valley Division), Remote Sensing Specialty Group, Association of American Geographers, 1995-1996.

East Carolina University Affiliate Faculty member:

ECU Center for Natural Hazards Research

ECU Center for Sustainability (core affiliate faculty member)

Institute for Coastal Science and Policy

Committees and Departmental Service

Section Topic Editor: Sea Level Rise, *Frontiers - Environmental Science*, Elsevier, May 2022-present.

Member, University Program Prioritization Initiative Task Force, October 2021-July 2021.

Co-Chair, College of Arts and Letters Promotion and Tenure Committee, ODU, 2019-20.

Chair, Promotion and Tenure Committee, Dept. of Political Sci. and Geog., ODU, 2017-20

Member, College Research and Graduate Studies Committee, Sept. 2020-August 2022.

Member, Data Science Convergence Committee, January 2022-present.

Member and College Representative, Maritime Initiative Task Force, October 2020-present.

Undergraduate Director of Geography, ECU, 2013-16.

Member, Undergraduate Council, Harriot College of Arts and Sciences, ECU, 2015-2016.

Director, Coastal and Marine Studies Interdisciplinary Minor (COAS), Thomas Harriot College of Arts and Sciences, 2014-2016.

ECU Coastal-Maritime Council (2007-2016)

Member, Search Committee, Engineering and Center for Sustainability, ECU (2014-15)

Member, Search Committee, Director of Coastal Resource Mgt. Ph.D. Program, ECU (2014)

Chair, Search Committees, Planning Program, Department of Geography, ECU (2010-11, 2012-13)

Member, Coastal Research and Education Writing Team, East Carolina University (2012-13)

Member, Research and Graduate Studies, Graduate Enrollment Task Force (2009-2011)

Representative, Research and Graduate Studies, ECU Information Technology Resources Council (2009-2016)

Member, Graduate Committee, Department of Geography (2010 – 2016)

Associate Director, Center for GIScience, ECU (2008-2016)

Curriculum Committee, Coastal Resources Management Ph.D. program (2010-2016)

Currituck County Environmental Steering Committee (2007-2012)

Coastal Forests Working Group, City of Virginia Beach (2018-present)

Student Mentoring

Old Dominion University

Current Thesis or Dissertation Committees:

Hall, Jacob. Capstone Project Advisor, M.S. Data Science and Analytics, Geospatial Analytics Concentration, present.

Metz, Jim. PhD Candidate, Ocean-Earth Science, dissertation committee member.

Dunbar, Robin. Ph.D. Candidate, Public Administration, dissertation committee member.

Rebelledo-Sanchez, Zlatka. Ph.D. Candidate, Biology, dissertation committee member.

Hildebrandt, Sierra. Ph.D Candidate, Biology, dissertation committee member.

Wise, Clay. Ph.D Candidate, Geospatial Environmental Analysis, Virginia Tech.

Harris, Ryley. Ph.D. Candidate, Geospatial Environmental Analysis, Virginia Tech.

Macias-Tapia, A. Ph.D. Candidate, Oceanography. Dissertation: Tidal Flooding in the Mid-Atlantic Region of the US: Water Quality Effects in the Lower Chesapeake Bay.

McLeod, G.M. Ph.D. Candidate in Oceanography. Dissertation: Characterization of Uncertainty in Inundation Models and Watershed Hypsometry for Identification and Assessment of Non-linear Impacts of Sea Level Rise. (graduation expected Aug. 2023.)

Cofield, Shannon. Ph.D. Candidate in Oceanography. Arctic Paleoceanography. Dissertation in progress.

Benham, Sara, Ph.D. student, Ecological Sciences. Ph.D. Candidate, Ecological Sciences. Dissertation committee.

Recent Thesis or Dissertation Committees:

Boswell, Maura. 2022. Ph.D Dissertation committee, Department of Civil and Environmental Engineering, Old Dominion University.
Martin, Kyli. 2022. Ph.D. Dissertation committee, Department of Criminology and Criminal Justice, Old Dominion University.
Taghadomi, H. Ph.D. Candidate, Civil and Environmental Engineering. Dissertation: Watershed Modeling and Climate Change in Coastal Virginia. (graduation expected August 2021.)
Hutt, Sheila. M.S. candidate, Ocean and Earth Sciences.
Brown, Kallie. M.S. Ocean and Earth Science, graduated 2019.

East Carolina University

Dissertation Advisor:

Flynn, Michael, Ph.D. Coastal Resources Management, *Vulnerability of Historic Landmarks of Cape Hatteras National Seashore*.

Garner, Margaret, Ph.D. Coastal Resources Management, *Community Participatory Mapping in Coastal Natural Heritage Areas* (proposal pending, expected graduation December 2016.)

Thesis or Internship Advisor:

Harmin, Calvin, M.S. Geography, thesis advisor, *Flood Vulnerability of Hog Farms in Eastern North Carolina: An Inconvenient Poop*. November 2015.

Oyer, Zach, M.A. Geography, thesis advisor, *Water Infrastructure Vulnerability to Coastal Flood Hazards: A Space-Place Analysis of Manteo, New Bern, and Plymouth, North Carolina*, August 2014.

Peterson, Doug. M.A. Geography, internship advisor. December 2014.

Carey, Matthew, M.A. Geography, thesis advisor, *Site Suitability Modeling for Estuarine Living Shorelines*. August 2013.

Gore, Brent, M.A. *Modeling Potential Wetland Loss and Migration in the Pamlico Sound*. August 2013.

Gedminas, Laurynas, M.A. Geography, thesis advisor, *Eye-tracking and Biometric Analysis for Hurricane Risk Perception in the Cone of Uncertainty*. (graduated May 2011.)

Cleckner, Haley, M.A. Geography, thesis advisor, *Spatial Modeling of Risk of Mosquito-Borne Disease Transmission, Craven County, North Carolina*. (graduated August 2010.)

Carrie Tragert, M.A. Geography, thesis advisor, *Modeling Overwash Processes and Coastal Vulnerability, Outer Banks, N.C.* (2008-2009.)

David L. Shaeffer, M.A. Geography, thesis advisor, *Characterizing Jurisdictional Wetlands Using Aerial LIDAR*. (graduated December 2008.)

Dissertation committees:

Smith, Chad, doctoral student, Coastal Resources Management Ph.D. program. *Quality Analysis of Citizen Science for Coastal Environmental Monitoring*. (2010-2015.)

Zenil, Hilde, doctoral student, Coastal Resources Management Ph.D. program. (2015-present).

Bangley, Charles, doctoral student, Coastal Resources Management Ph.D. program. (2015-2017).

- Steinmetz, Joyce, doctoral student, Coastal Resources Management Ph.D. program. *Commercial Fishing Hangs and Locating Shipwrecks: A Proof of Concept Study off the U.S. Mid-Atlantic Coast*, (2012-present.)
- Bennett, Andrew, doctoral student, Coastal Resources Management Ph.D. program. *Characterizing Patterns and Drivers of Land Use/Land Cover Change along the Atlantic Coast Barrier Beaches*. (2011-2015.)
- Marshburn, Ernest, doctoral student, Coastal Resources Management Ph.D. program, *Spatial Analysis of Recreational Boating Accidents*, (2009-2015.)
- Covi, Michelle, Coastal Resources Management Ph.D. program, *Risk Communication and Sea-Level Rise*, (2014.)
- Eulie, Devon, Coastal Resources Management Ph.D. program, *Coastal Estuarine Erosion and Sediment Dynamics in North Carolina*, (2014.)
- Kaneshiro-Pinto, Mahealani, Coastal Resources Management Ph.D. program, *Jellyfish-Human Interactions in North Carolina*, (2013.)
- Member of thesis committee:
- Van Horn, Jessy. M.S. Geography (ECU), *Lateral Stream Migration in the Blue River Watershed, Wisconsin*. (2015-present.)
- James E. Edwards. M.S. Marine Science (University of South Carolina), *Spatial Hypsometric Analysis of Salt Marshes* (2015-present.)
- Simonds, Lucas. M.A., Maritime Studies (ECU), *'A Determination Worthy of a Better Cause': Naval Action during the Battle of Roanoke Island, 7 & 8 February 1862*. (2013-14.)
- Strand, Jessi. M.S. Geological Sciences (ECU), *Sediment Dynamics in Coastal Back-Barrier Marshes*. (2014-2015.)
- Clayton, Brian. M.A. Geography, thesis committee member, *Using GIS to Optimize Shipwreck Search and Discovery*. (2011-2013.)
- Giuliano, Angela. M.S., Geological Sciences, thesis committee member, *Surface and Ground Water Hydrology of Buck Ridge Preserve, North Carolina*. (2011-2012.)
- Irwin, Jennelle. M.A. Geography, internship committee member, *Applications of GIS to Coastal Municipal Storm Water Management, Ocean City, Maryland*. (2011-present.)
- Culpepper, Alex. *Quantitative Comparison of 2D Porosity and Pore Geometry between the Upper Castle Hayne Aquifer, North Carolina, and the Biscayne Aquifer, Florida, using Image and Geospatial Analysis*. (2011-2012.)
- Sanchagrin, Stephen, M.A., Maritime Studies, thesis committee member, *A View through the Periscope: Advanced Geospatial Visualizations of Naval Battlefields of the Second World War*. (2011-present.)
- Bright, John. M.A., Maritime Studies, thesis committee member, *Stalking the Gray Wolf: A KOCOATerrain Analysis of the Battle of the Atlantic off the North Carolina Coast*. (2011-2012.)

Jones, Jennifer. M.A., Maritime Studies, thesis committee member, *Scattered to the Wind: An Evaluation of the Disaster Landscape of Coastal North Carolina*. (2011-2012.)

Wagner, John. M.A., Maritime Studies, thesis committee member, *Waves of Carnage: A Historical, Archeological, and Geographical Study of the Battle of the Atlantic in North Carolina Waters*. (graduated 2010.)

Howard, Robert, M.S., Geological Sciences, thesis committee, *Impervious Surface Runoff Modeling in Greenville, North Carolina*. (2009-present.)

Brass, Jesse, M.A., Geography, thesis committee, *Barrier Island Beach Replenishment at Wrightsville Beach, North Carolina*. (graduated 2009.)

Katherine Renken, M.A. Geography, thesis committee member, *Volumetric Changes in the Morphologic Zones Adjacent to Inlets in Microtidal Barrier Islands, Outer Banks, North Carolina*. (graduated August 2008.)

Rachel Campbell, M.A. Geography, Internship committee member, *Designing a ZIP Code GIS for Trinidad and Tobago*. (graduated May 2008.)

Old Dominion University:

Co-Advisor, Andy Damalas, Ph.D., Ecological Sciences, 2005. Old Dominion University,
Dissertation: *Landscape Determinants of Neotropical Avian Species Diversity in the Deciduous-Coniferous Ecotone, Great Smoky Mountains National Park*.

Advisor, Scott Bellows, Ph.D. Ecological Sciences, 2007. Old Dominion University,
Dissertation: *Spatial Analysis of Mosquito Habitat: Implications for Population Control and Health Surveillance*.

Co-Advisor, Robert Wardwell, M.S. Geology, 2000. *Spatial Patterns of Beach Ridge Morphology at Cape Henry, Virginia*. Old Dominion University.

Thesis Co-Advisor, Noel Jackson, M.A., Geology, Geological Sciences, Old Dominion University,
Thesis: *Mapping Lunar Basalt Stratigraphy Using Clementine Image Data*, 1998.
